Dear Kids Planet

I am writing to express my huge thanks to everybody at Kids Planet on behalf of the school for your support of the recent fundraising dinner, at which the school celebrated its 70<sup>th</sup> anniversary and raised funds for the development of the school campus.

I am delighted to say that the dinner was not only a fantastic evening but also extremely successful from a fundraising perspective and we have now commenced work on two phases of the building work.

I enclose a copy of the incredible fundraising brochure that was put together and which gives an indication of the special environment that exists within the school. I thank you again sincerely for your contribution to the brochure which helped makes this all worthwhile.

Finally, please accept my sincere apology for the delay in you receiving this letter which is down purely to a misunderstanding on my part.

Kind regards

Yours sincerely

**Simon Kaye**
