SO WHAT HAVE WE BEEN UP TO AT NURSERY?

BABIES

We are exploring the colour of the month – Pink during May. We will be having sensory activities around this and making pictures.

We are going to be doing some planting and after looking after and watering them, we can watch them grow!

We are looking at the seasons and baby animals and will be going on walks to the park to look at the nature and new flowers and trees growing.

TOTS

Tots have been exploring various messy activities such as gloop and jelly play. If you would like any recipes for the messy activities then please ask us. We would love photos from home of you all getting messy and we can use them for our mark making display!

Thank you to those who have emailed over family photos for our board. If you have any holiday photos or any upcoming, then please send those in for our Holiday display.

We will be enjoying the garden and park area so please bring in a hat and suncream.

TODDLERS

Toddlers are changing their roleplay area to a farm and fruit and vegetable shop to link in with children's interests.

We have been learning about animals and have been creating our own animals using recycled items and resources. To tie in with this, we have a trip to Stockley Farm planned to see some real animals and to help feed them.

We are enhancing our Maths areas after the results of our cohort tracking so we will be adding more natural resources like pine cones, shells, and wooden chippings to help counting skills.

PRE-SCHOOL

Preschool have a new pet hamster and she is called Misty. We will be shortly choosing children to take Misty home at the weekend to look after her. We are enjoying learning how to look after her.

We will be starting the "My Happy Mind" programme to help children deal with their emotions. There is an app for parents to implement strategies at home and we have parent packs to give out to you.

Shortly you will receive reading books in a book bag for the children to take home.
