

Kids Planet

Welcome to our Kids Planet Fazakerley Newsletter

September was a busy month with lots of new children starting at our lovely nursery. We'd like to welcome all the families into our setting and if there is anything we can do, please let us know.

EVENTS

Shine Therapy Training – The whole staff team have attended the first session of the shine therapy training to support children with their sensory needs. This training gives practitioners a different outlook on how to support children's behaviour. We will be finishing the second part of the training in October but we look forward to showing you lots of activities/strategies to support your children's routine at home i.e. sitting at the table/meal times, going to the shops, bed time routines.

Assessments – We have completed assessments on all children throughout the nursery in September and you will be able to access this on your parent zone app. We complete these assessments every 3 months to ensure we can see all children are making progress and how we need to adapt our way of teaching or our areas to keep developing every child. If you require further information about your child assessment please come into the office and we will be happy to discuss it with you.

ParentZone – Please keep your parentzone accounts update with information / photographs of your child's development at home to ensure we're giving them the best start.

SO WHAT HAVE WE BEEN UP TO AT NURSERY?

BABIES

Babies are enhancing their black and white area to support the younger babies hand eye co-ordination, focus, and developing the children's iris (eye pupil).

Since Rachel has been on baby massage training she has begun baby massage with them.

TOTS

Tots have created a large construction area space for their children to use. This is a follow on from the shine therapy training that both Emma and Zoe have attended. They have added cardboard boxes to the area. For information about the importance of box play you can ask our knowledgeable staff in the room.

TODDLERS

Toddlers have had a change around within their room to support the new children they have, they have designated particular areas to ensure the children sensory needs are met and they are being stimulated with their interests. We look forward to seeing it completed.

RISING 3's

Rising 3's have created an area focusing on the children's interests and what they have been talking about to support their listening and attention skills to sit and read stories to teach them about environmental print and how to handle and look after books. Rising three's will be enhancing different areas throughout October come and have a look.

PRE-SCHOOL

There are lots of new children within the room who have joined from our Rising 3's room. We have been focusing on listening and attention skills along with phase one of phonics: learning the sounds. The monthly children's committee has been held and one of the children was very excited to inform us about their trip to the museum. Therefore, we have decided to turn the outdoor shed into a museum to allow the children to investigate different cultures and history.

Co-Hort Data: During the previous term, we focused on Mathematics. From the assessments which were completed, we have analysed the rooms in which need a little bit more work in order for your children to develop.

REMINDERS & ANNOUNCEMENTS

30 Hours Funding Code - This needs to be renewed every 3 months and everyone ought to start re-confirming their codes within the next week or so. Please bring your code into the office or email [Emma Duffy](mailto:emma.duffy@kidsplanetdaynurseries.co.uk).

A Little Weather Report - Autumn is upon us, therefore your child needs to be kept as warm and cosy as possible. Please bring spare, labelled clothing when you drop them off in a morning.

GROUPS

Baby Massage Classes – Rachel has been completing baby massage on all of the babies within the nursery and will be training the staff.

STAFF NEWS

We would like to welcome Kirsty Leonard back from maternity leave from having her gorgeous little boy Reuben. Kirsty will be supporting Rising 3's as the senior for 2 days per week.

Employee of the Month: Becki Judge is hard working and has been extremely dedication throughout her move into the Babies room. She has implemented new and exciting activities in order to support their development and is always looking for new ways to enhance the room.
