SO WHAT HAVE WE BEEN UP TO AT NURSERY?

BABIES

In our Baby room, we have introduced our sensory tent which has been filled with lots of useful resources, such as colour cubes and balls. We have also introduced Music Matters, which has consisted of using our instruments and voices to make lots of sounds.

The Babies have been enjoying Autumnal walks and finding lots of exciting natural objects to play with back in their room.

TOTS

Our Tots have been using Awe and Wonder to explore real resources as well as using our imaginations in a few different ways. We have also been exploring lots of different messy play activities as we love to get messy! This has included pumpkin soup and Gloop.

We have also been taking part in baking activities and they made an amazing cake for our cake competition.

TODDLERS

In Toddlers, we have been using our new Awe and Wonder approach to create some amazing, new resources such as: road made from laminate flooring as well as our own rocking chair.

We have been exploring our new sensory area in which there are lots of different and interesting objects to explore. We have looked at what they feel like and whether or not we liked the texture.

PRE-SCHOOL

Our Pre-School room have been focusing on objects and landmarks from all around the world. We have collected different items which relate to certain countries, exploring how and why they are used. These are being kept in our World Box which we can access at any time.

We have also been looking at Happy Minds and using different breathing techniques to keep us feeling calm.
