

Welcome to our Kids Planet Fazakerley Newsletter

We would like to begin our November newsletter with some baby news! Beth recently gave birth to her beautiful son Levison weighing a healthy 7lb 9oz. We can't wait to meet him.

EVENTS

Tuesday 6th – Parents Evening. Please ensure that you have booked in with your child's keyworker.

Shine Therapy Training – The whole staff team are now training in assessing sensory processing and profiling a sensory diet for children to support them and their families. We will be putting top tips on the nursery Facebook and cheap simple activities that can be done at home to support your children's needs. Please speak to management if you want further information regarding sensory processing. We will be enhancing our corridors to support children sensory needs so please carry them out with your children when you are coming into nursery or leaving we assure you the transition to leaving your child will be smoother and the journey home will be calmer.

Cohort/Data – We have now analysed every child's assessment and supported each room with the slight delays. We will be focusing as a nursery on supporting children's communication and language alongside understanding the world. Each room will be enhancing areas and activities to develop your children. Please use our lending library to keep developing and teaching your children at home.

SO WHAT HAVE WE BEEN UP TO AT NURSERY?

BABIES

Babies have had lots of Halloween fun in October and have been using the sensory process training to support pulling and pushing motions. Babies will keep focusing their activities around the prime areas of the EYFS.

TOTS

Tots have enhanced their construction area to support the training the staff attended called sensory processing training by incorporating card board box play throughout the room into all areas.

TODDLERS

Toddlers have been enhancing their room and working on activities of the new children's interests. They have devised their room to have a small world and construction area to incorporate the children interest of paw patrol into the area this will be supporting the children's communication and language and understanding the world.

RISING 3's

Rising 3's have been on a lot of training recently to support the children's communication and language. Hayley attended story telling training where she has now adapted their story corner into a secret garden enabling a space for children to relax reading stories or act out story scenes using stones, props etc.

PRE-SCHOOL

Preschool held a committee meeting with their children who expressed an interest in space after celebrating national space week. They have transformed their story corner into an outer space by creating their own planets and an astronaut using lots of different materials.

This has supported the area 'the world' which links in with our cohort tracking findings, supporting the children in their development of understanding the world.

REMINDERS & ANNOUNCEMENTS

Weather Report: We would like to remind parents to send spare clothing in a bag with their child as the wetter/colder weather approaches us.

GROUPS TO TAKE PART IN

Actiphons – Our preschool are starting antiphons to support their phonics' and develop their listening and attention skills phase 1 and 2 to get ready for school.

STAFF NEWS

Employees of the Month: Laura Shakespeare and Courti Garner.

Laura has achieved this for showing her dedication and passion for delivering high quality care to the children at our setting and extending her own knowledge by completing courses. Courtni has achieved this for settling well into the nursery and always taking everything on board and cascading it out along with using her initiative to ensure she is always developing the children.
