BABIES

This month we will be continuing to explore with sensory trays and exploring with boxes and scarves.

We will also be adapting our black and white area in the room using the children's pictures, textiles and resources. If you have any black and white fabrics we would love you to share these with us.

Our home learning bags are ready to go home – we would love you to take them home and share your observations on the app – see George/Rachel for more information.

Please continue to add your observations on the parentszone app these have been fantastic.

TOTS

In November we will be going on walks looking at different vehicles/transport. We will use boxes to create our own.

If you can share photographs of your cars/vans etc with us as children recognise familiar cars etc This will support our intending learning objective.

We will also be doing a song of the week – which will encourage number rhymes and action songs.

We would love for you to share these on the parentszone app as we will be focusing on this throughout the month.

Any questions please ask Nicola or the team..

TODDLERS

In Toddlers we will be using real winter vegetable to chop and explore within the role play area along with using these vegetable to make our very own winter soup.

We will also be using paints and glitters to create our very own firework pictures.

Our home learning bags are in the conservatory if you would like to take one home please speak to a member of the team.

We will also be going for a walk to visit the library and listening to stories. We will also be bringing new books back to nursery.

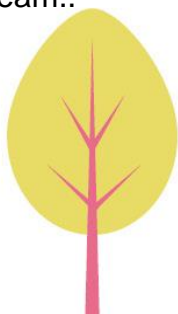

PRE-SCHOOL
