SO WHAT HAVE WE BEEN UP TO AT NURSERY?

UNDER 2'S

In the Under-2's unit in August and September we will be exploring treasure baskets containing all different objects containing wooden objects, metal objects and baskets with different textures, from this we will then explore a range of media and materials.

We will also be concentrating on our physical development how we can move in a range of different ways through some very simple POW activities.

Keep sharing your videos and picture on the app – we love to see what you get up to at the weekends.

TODDLER ROOM

In Toddlers over the coming months we will be looking at our surrounding, going on local outings around our community visiting local shops, parks and looking for features in the environment cars. Buses, birds and planes.

We will be introducing the children to music and rhythm using ribbons, calming lights and music to see how they can move their bodies to different sounds. The Children will also be exploring the new revamped bug garden using magnifying glasses to find bugs and worms.

PRE-SCHOOL ROOM

Throughout the coming months we will be spending time in our key groups and getting to know our new friends and new routines. We will be discussing with the children 'All about me' looking at people who are special to them. This will be developed by asking the children to make their very own family trees.

We will be welcoming Tiddles back from his long holiday with Nicky and Charlie from Toddlers. Tiddles will now be available for new sleepovers over the weekends. Looking after Tiddles will teach children the importance of caring for a living creature. Please send in pictures so we can see Tiddles adventures.
