

HIGHER BROUGHTON NEWSLETTER

UPCOMING EVENTS:

We would like to thank all our parents during these unprecedented times for being co-operative and supporting the nursery. We would also like to take this opportunity to thank all our hardworking staff team, and are overwhelmed with the positive feedback from parents/guardians. Please share your feedback with us so that we can continue to develop and improve and deliver the best possible service to yourselves and your children. Thank you.

We have lost of exciting upcoming events at Higher Broughton:

Throughout the Summer we will be holding Forest School classes to children, these classes are aimed at children to learn and play in woodland environment run by our fully trained staff. If you want to know more contact us by phone or email.

SO WHAT HAVE WE BEEN UP TO AT NURSERY?

BABIES ROOM

In the baby room, we have been celebrating some special days, National Space day – we explored outdoor and different ways of making marks using paints. We have been doing baby yoga in the garden too, encouraging babies to stretch and explore their bodies in many different ways. We are also exploring Elmer and have been busy doing lots of creative activities in the garden, such as mark making, dressing up, painting and singing too!

TOTS ROOM

In the Tots' room we have been carrying out lots of exciting activities based on children's interest. This month we have been focusing on using our senses and the children have shown a great interest in dinosaurs, so we have been making a dinosaur swamp, an obstacle course and a cosy dinosaur reading area! 😊

TODDLER ROOM

This term the children have been growing their own sunflowers, they have been looking at the different colours and talking about their own experiences and how flowers grow and bloom, the children have then been able to take their own flowers home too to show their families! Following on another interest children have been creating music and exploring different sounds by banging, singing, tapping and shaking different musical instruments. Children have also made their own Ice Cream booth, using shaving foam, sprinklers and scoops to make their very own ice cream 😊

PRE-SCHOOL ROOM

Pre School have been very busy with a variety of our core curriculum activities, from bringing books to life and lots of large scale activities. We have been exploring life cycles of chickens and caterpillars and planting new plants for our "Summer Flower Garden", adding a bug hotel for our mini beast friends & creating models of bee's to decorate to celebrate National Bee Day! In our science lessons we have been exploring magnets in different ways and exploring what sinks and floats in the water. We have also introduced animal yoga sessions as part of our mindful moments and introduced a new sensory area to accommodate this.

REMINDERS & ANNOUNCEMENTS:

If you are claiming for your child's funding in September, please do not forget to send us over the details by the end of July.

For children who are leaving for school, please can confirm this via email with your child's leaving date.

As the weather is getting warmer can we please kindly ask parents to bring in sun creams and hats for the children please 😊

GROUPS TO TAKE PART IN:

We currently are not participating in any external groups, however we are continuing to take part in our core curriculum. We are enjoying mindful moments, POW, phonics and cooking sessions.

STAFF NEWS:

We would like to say a big welcome to some of the new staff who have joined us recently;

We have Nothando who will be joining the Toddlers Team!

Paula has also joined us in the Tots team and has over 13 years of experience in the childcare sector!

Aminah who will be supporting us at Higher Broughton as well!
